Date FSA Issued to School	Reference Control Number	School Name	Original Liability Amount	Liability Balance Remaining
1. <b>Closed Cases:</b>				
(a) Receivables that were listed in the Department's report as of 2/28/21 <i>and</i> are no longer on the list above may be due to debts closed and paid in full.				
(b) Debts closed may be due to Appeal resolution and/or Department review of the liability amount which may be reduced for which the institution would be required to pay immediately in the settlement.				
2. <b>Treasury Cross-Servicing Referrals of Delinquent Debt:</b> In compliance with the Debt Collection Improvement Act of 1996, delinquent debts are referred to the U.S. Department of the Treasury (Treasury) to the Cross-Servicing program for further collection action. Multiple collections tools or methods are available through Treasury's services to Federal Agencies and are utilized to the fullest extent of the law such as the Treasury Offset Program of Federal and State funding, Judgement Fund actions, Private Collection Agencies, skip tracing, Administrative Wage Garnishment, U.S. Department of Justice litigation, and repayment agreements, to name a few).				
3. <b>Bankruptcy:</b> Many debts that do not show collection activity for several time periods may be attributable to schools in <i>bankruptcy</i> status. The Department cannot collect debts from institutions when a <i>bankruptcy</i> automatic stay is in effect. The Department remains proactive in monitoring all <i>bankruptcy</i> court cases for dismissal, discharge, termination, or Office of General Counsel (OGC) filings of proof of claims on behalf of the Department.				
4. <b>Appeals Filed by Schools:</b> Schools may appeal liabilities which places a <i>hold</i> action on all collection activities until the appeal resolution is reached which may take up to several years to reach a final agency decision.				
5. <b>Repayment Agreements:</b> Many debts also have on-going Settlement Agreements following an appeal resolution or Installment Agreements at the Centralized Receivables Service (CRS) which reduces their debt balances as payments are received by the Department each month, quarter, or year based on the terms of the agreement.				
6. <b>Department of Justice (DOJ) Referrals:</b> Debts may also be in litigation review at the U.S. Department of Justice either direct from the Department or through Treasury.				
7. There is <i>no statute of limitation</i> for institutional debts in the offset program.

1. Closed Cases:				
(a) Receivables that were listed in the Department's report as of 2/28/21 and are no longer on the list above may be due to debts closed and paid in full.				
(b) Debts closed may be due to Appeal resolution and/or Department review of the liability amount which may be reduced for which the institution would be required to pay immediately in the settlement.				
2. <u>Treasury Cross-Servicing Referrals of Delinquent Debt</u> : In compliance with the Debt Collection Improvement Act of 1996, delinquent debts are referred to the U.S. Department of the Treasury (Treasury) to the Cross-Servicing program for further collection action. Multiple collections tools or methods are available through Treasury's services to Federal Agencies and are utilized to the fullest extent of the law such as the Treasury Offset Program of Federal and State funding, Judgement Fund actions, Private Collection Agencies, skip tracing, Administrative Wage Garnishment, U.S. Department of Justice litigation, and repayment agreements, to name a few).				
3. <u>Bankruptcy</u> : Many debts that do not show collection activity for several time periods may be attributable to schools in <i>bankruptcy</i> status. The Department cannot collect debts from institutions when a <i>bankruptcy</i> automatic stay is in effect. The Department remains proactive in monitoring all <i>bankruptcy</i> court cases for dismissal, discharge, termination, or Office of General Counsel (OGC) filings of proof of claims on behalf of the Department.				
4. <u>Appeals Filed by Schools</u> : Schools may appeal liabilities which places a <i>hold</i> action on all collection activities until the appeal resolution is reached which may take time to resolve.				
5. <u>Repayment Agreements</u> : Many debts also have on-going Settlement Agreements following an appeal resolution or Installment Agreements at the Centralized Receivables Service (CRS) which reduces their debt balances as payments are received by the Department each month, quarter, or year based on the terms of the agreement.				
6. <u>Department of Justice (DOJ) Referrals</u> : Debts may also be in litigation review at the U.S. Department of Justice either direct from the Department or through Treasury.				
7. There is <i>no statute of limitation</i> for institutional debts in the offset program.

**SUBJECT: FOIA 21-02015-F**

**DATE: July 12, 2021**

**Dear FOIA Coordinator:**

A FOIA request has been referred to OFO and FSA for action.

**FROM: Abigail Moats**

**Please provide the following requested items:**

Student Defense requests that the Department produce the following records within twenty business days of the date of this request:

- A complete listing of all institutions with unpaid liabilities stemming from closures or compliance and enforcement actions,
- The amount of those liabilities, and
- The date on which the liabilities were assessed.

Effectively, this request is for the same report requested in our February 9, 2021 FOIA but with updated data.

Further, the answers we provided in our February 16, 2021 response to the Department's February 10, 2021 request for clarification remain the same. Our answers were as follows:

- Date Range of Record: While we have requested a listing of all institutions with currently outstanding liabilities, please prioritize liabilities assessed over the last ten years.

- Scope:

- o Our request includes all unpaid amounts owed to the Department. This includes fines and any other liabilities owed, including civil penalties, liabilities stemming from closures, and liabilities associated with any other compliance and enforcement actions (including program reviews and audit determinations).

- o Our request is to include closeout audit, FAD, and FRPD liabilities outstanding from schools no longer in the program, such as closed school discharge liabilities. Our request also includes unpaid FAD and FRPD liabilities from institutions that are still participating in Title IV programs. Alternatively put, this request includes any instance in which the Department assessed a financial liability or other payment obligation that remains unpaid, whether or not the school is still in the program.

**Requested Date: June 25, 2021**

**Date Received in Exec Sec/FSC:** June 28, 2021

**Completion Target Date for the Department of Education:** July 27, 2021

**\*\*\*Please note that *the age of the case (11)* represents how long it has been in the Department and may not necessarily be how long it has been with a particular program office. *The Completion Target Date for the Action Office determines whether it is overdue from the Action Office.***

**MULTI-TRACK TYPE:** Complex

**\*\*\*Please note that a copy of the initial request is located and can be viewed in FOIAXpress under the correspondence log for this case.**

**ADDITIONAL NOTES:**

**[ACTION OFFICE] is required to send the FOIA Analyst assigned to this request an initial follow up communication within 10 business days of July 12, 2021 or receipt of this assignment to resolve any issues related to the request and complete the attached sheet.**

**REMEMBER—FOIA requires federal agencies to respond to FOIA requests within 20 business days after the office that maintains the responsive records receives the request or offer an explanation for a delay.**

Thank you, FOIA Service Center

**RESPONDING TO FOIA SEARCH MEMO**

**1. Timeliness:**

Always keep in mind that the Department generally has twenty working days in which to make a response determination on the request once the office that maintains the responsive records receives the request.

**2. Search:**

Conduct a thorough search for responsive material wherever records are reasonably likely to be located, and provide the [requested] record in any form or format requested by the person if the record is readily reproducible in that form or format (i.e., records maintained in an electronic format).

Records Locations

- File cabinets and file folders for hard copy files.
- Shared drives for electronic records.
- Databases.
- Archives, etc.

Email

- The search should include official (e.g., authorized ED email accounts) and non-official email accounts (e.g., personal email accounts).
- Government employees may not use a non-official e-mail account for official business unless they copy their official account or forward any such message to their official account within 20 days (see *Competitive Enterprise Institute v. OSTP*, No. 15-5128, 2016 WL 3606551 (D.C. Cir. July 5, 2016) and the 2014 Federal Records Act amendments).
- Any records responsive to the request on a non-official email account that were not copied into the Government employee's official email account must be provided to the FOIA Office as part of the search response.
- Contact the FSC or OGC to conduct an administrative search for employees who are no longer at ED.
- Other administrative searches for responding to FOIA Requests for the Department as a whole, multiple program offices or individual program offices will be conducted on a case-by-case basis.

Electronic Messaging (e.g., Text messaging, Instant Messaging)

(See NARA Guidance on Managing Electronic Messages – Bulletin 2015-02)

- Electronic messages created or received in the course of agency business are Federal records.
- ED must capture and manage these records in compliance with Federal records management laws, regulations, and policies.
- OCIO may contact the vendor for the retrieval of the records if the information is not directly obtainable through the portable device.

(NOTE: Whether shared on publicly *or privately-owned devices*, electronic communications can be considered “public records” and, therefore, may be subject to FOIA).

**3. Referral:**

Please do not hesitate to provide additional assistance or advice in helping to locate responsive material. If there are other offices that should also review this request (in addition to those listed above), please let us know ASAP.

**4. Keep Track of Search Time:**

Remember to always keep track of the amount of time taken to search for responsive records so that we can assess any applicable fees to the requester. Do not provide a response or search for or copy any records if there are clarification issues. Wait until issues are resolved.

**5. Send Initial Follow up Communication to the FOIA Service Center:**

In responding to the FOIA Service Center (FSC), please complete the following. (Check one or more that apply.)

\_\_\_\_\_ Other AOs (not previously assigned) are likely to have responsive records, and should be tasked to conduct searches.

Identify other offices, if known: \_\_\_\_\_

\_\_\_\_\_ Request is properly classified in FOIAXPress (simple vs. complex).

\_\_\_\_\_ Fee estimate needs to be prepared for the request.

\_\_\_\_\_ Request needs to be clarified/narrowed, as follows:

\_\_\_\_\_ Description of desired records.

\_\_\_\_\_ Scope of request (date range, overly board, other quantifying factors).

\_\_\_\_\_ FSC, AO(s) and Subject Matter Expert(s) will need to collaborate to develop a letter (or e-mail) asking for specific questions to or clarification from the requester when request is not clear.

NOTE: A copy of the requester's response to the clarification request must be sent to [EDFOIAManager@ed.gov](mailto:EDFOIAManager@ed.gov) immediately upon receipt.

**4. Seeking Technical Assistance from the FOIA Service Center:**

Should you need help determining whether the document(s) is/are responsive to the request, please do not hesitate to seek assistance from the FOIA Service Center or the FOIA Public Liaison assigned to this request.

**Re: Freedom of Information Act Request**

Dear FOIA Public Liaison:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of the U.S. Department of Education (“ED” or “Department”), 34 C.F.R. Part 5, the National Student Legal Defense Network (“Student Defense”) makes the following request for records.

**Background**

When a school closes, some student borrowers become eligible to have their student loans discharged. 34 CFR § 662.402(d). The Department assesses school liabilities equal to the loan funds discharged.<sup>1</sup> The Department may also assess liabilities against schools as an enforcement mechanism where schools fail to comply with Title IV eligibility requirements. *See generally* 34 CFR § 668.13.

When the Department discharges student loans due to school misconduct but fails recoup the costs from the institution, the burden falls on taxpayers and, often, the students themselves.

On February 9, 2021, Student Defense submitted FOIA Request No. 21-00919-F that requested a list of all unpaid liabilities owed to the Department. On February 10, 2021, the Department requested clarification, to which Student Defense provided answers on February 16, 2021. On April 15, 2021, the Department issued a final production, consisting of a PDF chart titled “Program Portfolio Monthly Overview Report” and including data reported as of February 28, 2021.

Today, Student Defense would like to request an updated version of this chart.

## **Requested Records**

Student Defense requests that the Department produce the following records within twenty business days of the date of this request:

- A complete listing of all institutions with unpaid liabilities stemming from closures or compliance and enforcement actions,
- The amount of those liabilities, *and*
- The date on which the liabilities were assessed.

Effectively, this request is for the same report requested in our February 9, 2021 FOIA but with updated data.

Further, the answers we provided in our February 16, 2021 response to the Department's February 10, 2021 request for clarification remain the same. Our answers were as follows:

- *Date Range of Record:* While we have requested a listing of all institutions with currently outstanding liabilities, please prioritize liabilities assessed over the last ten years.
- *Scope:*
  - Our request includes all unpaid amounts owed to the Department. This includes fines and any other liabilities owed, including civil penalties, liabilities stemming from closures, and liabilities associated with any other compliance and enforcement actions (including program reviews and audit determinations).
  - Our request is to include closeout audit, FAD, and FRPD liabilities outstanding from schools no longer in the program, such as closed school discharge liabilities. Our request also includes unpaid FAD and FRPD liabilities from institutions that are still participating in Title IV programs. Alternatively put, this request includes any instance in which the Department assessed a financial liability or other payment obligation that remains unpaid, whether or not the school is still in the program.

## **Fee Waiver Request**

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency's regulations, Student Defense requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

Student Defense requests a waiver of fees because disclosure of the requested information is "in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government."<sup>2</sup> The public has a significant interest in these

change in ownership applications, particularly as many are consumers of educational programs. Records with the potential to shed light on the status of and potential changes to the operations and structures of educational institutions would contribute significantly to public understanding of the federal government and these processes. Student Defense has the capacity to analyze records and to use the sought records to inform public discourse regarding issues currently pending at the Department. Student Defense has the capacity to broadcast its analysis through the news, its website, and via social media—thus “significantly” contributing to the public understanding of issues present at the Department, including those raised by the Department’s processes for handling FOIA requests.

This request is primarily and fundamentally for non-commercial purposes.<sup>3</sup> Student Defense is a non-profit, non-partisan 501(c)(3) organization.<sup>4</sup> Student Defense’s mission is to work, through a variety of means, to advance students’ rights to educational opportunity and to ensure that higher education provides a launching point for economic mobility. We also believe that transparency is critical to fully understanding the government’s role in student protections and promoting opportunity. As noted above, Student Defense has the capacity to make the information it receives available to the public through reports, social media, press releases, in litigation filings, and regulatory comments to government agencies. For these reasons, Student Defense qualifies for a fee waiver.

### **Guidance Regarding the Search & Processing of Requested Records**

In connection with its request for records, Student Defense provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics.
- In conducting your search, please understand the terms “record” in its broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted

using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.<sup>5</sup> It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; Student Defense has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.<sup>6</sup>

- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,<sup>7</sup> and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency's archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

## **Conclusion**

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to Student Defense, please do not hesitate to contact Student Defense to discuss this request. Student Defense welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication

Where possible, please provide responsive material in an electronic format by email. Please send any responsive material being sent by email to [abigail@defendstudents.org](mailto:abigail@defendstudents.org). If it will accelerate release of responsive records to Student Defense, please also provide responsive material on a rolling basis.

2. <b>Treasury Cross-Servicing Referrals of Delinquent Debt:</b> In compliance with the Debt Collection Improvement Act of 1996, delinquent debts are referred to the U.S. Department of the Treasury (Treasury) to the Cross-Servicing program for further collection action. Multiple collections tools or methods are available through Treasury's services to Federal Agencies and are utilized to the fullest extent of the law such as the Treasury Offset Program of Federal and State funding, Judgement Fund actions, Private Collection Agencies, skip tracing, Administrative Wage Garnishment, U.S. Department of Justice litigation, and repayment agreements, to name a few).				
3. <b>Bankruptcy:</b> Many debts that do not show collection activity for several time periods may be attributable to schools in <i>bankruptcy</i> status. The Department cannot collect debts from institutions when a <i>bankruptcy</i> automatic stay is in effect. The Department remains proactive in monitoring all <i>bankruptcy</i> court cases for dismissal, discharge, termination, or Office of General Council (OGC) filings of proof of claims on behalf of the Department.				
4. <b>Appeals Filed by Schools:</b> Schools may appeal liabilities which places a <i>hold</i> action on all collection activities until the appeal resolution is reached which may take time to resolve.				
5. <b>Repayment Agreements:</b> Many debts also have on-going Settlement Agreements following an appeal resolution or Installment Agreements at the Centralized Receivables Service (CRS) which reduces their debt balances as payments are received by the Department each month, quarter, or year based on the terms of the agreement.				
6. <b>Department of Justice (DOJ) Referrals:</b> Debts may also be in litigation review at the U.S. Department of Justice either direct from the Department or through Treasury.				
7. There is <i>no statute of limitation</i> for institutional debts in the offset program.

<b>Footnotes:</b>				
1. Closed Cases:				
(a) Receivables that were listed in the Department's report as of 2/28/21 and are no longer on the list above may be due to debts closed and paid in full.				
(b) Debts closed may be due to Appeal resolution and/or Department review of the liability amount which may be reduced for which the institution would be required to pay immediately in the settlement.				
2. Treasury Cross-Servicing Referrals of Delinquent Debt: In compliance with the Debt Collection Improvement Act of 1996, delinquent debts are referred to the U.S. Department of the Treasury (Treasury) to the Cross-Servicing program for further collection action. Multiple collections tools or methods are available through Treasury's services to Federal Agencies and are utilized to the fullest extent of the law such as the Treasury Offset Program of Federal and State funding, Judgement Fund actions, Private Collection Agencies, skip tracing, Administrative Wage Garnishment, U.S. Department of Justice litigation, and repayment agreements, to name a few).				
3. Bankruptcy: Many debts that do not show collection activity for several time periods may be attributable to schools in <i>bankruptcy</i> status. The Department cannot collect debts from institutions when a <i>bankruptcy</i> automatic stay is in effect. The Department remains proactive in monitoring all <i>bankruptcy</i> court cases for dismissal, discharge, termination, or Office of General Counsel (OGC) filings of proof of claims on behalf of the Department.				
4. Appeals Filed by Schools: Schools may appeal liabilities which places a <i>hold</i> action on all collection activities until the appeal resolution is reached which may take up to several years to reach a final agency decision.				
5. Repayment Agreements: Many debts also have on-going Settlement Agreements following an appeal resolution or Installment Agreements at the Centralized Receivables Service (CRS) which reduces their debt balances as payments are received by the Department each month, quarter, or year based on the terms of the agreement.				
6. Department of Justice (DOJ) Referrals: Debts may also be in litigation review at the U.S. Department of Justice either direct from the Department or through Treasury.				
7. There is <i>no statute of limitation</i> for institutional debts in the offset program.
