Washington, DC 20202-4536

**SUBJECT: FOIA 22-01851-F**

**DATE: February 9, 2022**

**Dear FOIA Coordinator:**

A FOIA request has been referred to OFO for action.

**FROM: Isabel Tessier**

**Please provide the following requested items:**

1. Documents sufficient to show all debts referred to Treasury by the Department for collection, from January 1, 2017 through present, as well as the current status of each debt or collection effort. This request is limited to include only documents regarding referral of debts owed to ED and/or the U.S. Government by institutions of higher education, their affiliates, owners, shareholders, or executives, for actions stemming from an institution's participation in the Title IV student aid programs. This request excludes records reflecting individual student borrower debts. 2. Documents sufficient to show all debts referred to the Department of Justice ("Justice") by Treasury for collection, litigation, or settlement, from January 1, 2017 through present, as well as the current status of each debt or collection effort. This request is limited to include only those debts that have been referred to Justice that stem from an institution of higher education's participation in one or more programs authorized by Title IV of the Higher Education Act. This request includes records related to debts owed by institutions of higher education (including their affiliates, owners, shareholders, or executives) for actions stemming from an institution's Title IV participation, but excludes records related to individual student loans. In lieu of documents, Student Defense would accept a chart or description providing the requested information. (Date Range for Record Search: From 1/1/2017 To 2/8/2022)

**Requested Date:** February 4, 2022

**Date Received in Exec Sec/FSC:** February 8, 2022

**Completion Target Date for the Department of Education:** March 9, 2022

**\*\*\*Please note that the age of the case (19) represents how long it has been in the Department and may not necessarily be how long it has been with a particular program office. The Completion Target Date for the Action Office determines whether it is overdue from the Action Office.**

**MULTI-TRACK TYPE:** Complex

\*\*\*Please note that a copy of the initial request is located and can be viewed in FOIAXpress under the correspondence log for this case.

**ADDITIONAL NOTES:**

**[ACTION OFFICE] is required to send the FOIA Analyst assigned to this request an initial follow up communication within 10 business days of February 9, 2022 or receipt of this assignment to resolve any issues related to the request and complete the attached sheet.**

**REMEMBER—FOIA requires federal agencies to respond to FOIA requests within 20 business days after the office that maintains the responsive records receives the request or offer an explanation for a delay.**

Thank you, FOIA Service Center

**RESPONDING TO FOIA SEARCH MEMO**

**1. Timeliness:**

Always keep in mind that the Department generally has twenty working days in which to make a response determination on the request once the office that maintains the responsive records receives the request.

**2. Search:**

Conduct a thorough search for responsive material wherever records are reasonably likely to be located, and provide the [requested] record in any form or format requested by the person if the record is readily reproducible in that form or format (i.e., records maintained in an electronic format).

Records Locations

- File cabinets and file folders for hard copy files.
- Shared drives for electronic records.
- Databases.
- Archives, etc.

Email

- The search should include official (e.g., authorized ED email accounts) and non-official email accounts (e.g., personal email accounts).
- Government employees may not use a non-official e-mail account for official business unless they copy their official account or forward any such message to their official account within 20 days (*see Competitive Enterprise Institute v. OSTP*, No. 15-5128, 2016 WL 3606551 (D.C. Cir. July 5, 2016) and the 2014 Federal Records Act amendments).
- Any records responsive to the request on a non-official email account that were not copied into the Government employee's official email account must be provided to the FOIA Office as part of the search response.

- Contact the FSC or OGC to conduct an administrative search for employees who are no longer at ED.
- Other administrative searches for responding to FOIA Requests for the Department as a whole, multiple program offices or individual program offices will be conducted on a case-by-case basis.

Electronic Messaging (e.g., Text messaging, Instant Messaging)

(See NARA Guidance on Managing Electronic Messages – Bulletin 2015-02)

- Electronic messages created or received in the course of agency business are Federal records.
- ED must capture and manage these records in compliance with Federal records management laws, regulations, and policies.
- OCIO may contact the vendor for the retrieval of the records if the information is not directly obtainable through the portable device.

(NOTE: Whether shared on publicly or privately-owned devices, electronic communications can be considered “public records” and, therefore, may be subject to FOIA).

**3. Referral:**

Please do not hesitate to provide additional assistance or advice in helping to locate responsive material. If there are other offices that should also review this request (in addition to those listed above), please let us know ASAP.

**4. Keep Track of Search Time:**

Remember to always keep track of the amount of time taken to search for responsive records so that we can assess any applicable fees to the requester. Do not provide a response or search for or copy any records if there are clarification issues. Wait until issues are resolved.

**5. Send Initial Follow up Communication to the FOIA Service Center:**

In responding to the FOIA Service Center (FSC), please complete the following. (Check one or more that apply.)

\_\_\_\_\_ Other AOs (not previously assigned) are likely to have responsive records, and should be tasked to conduct searches.

Identify other offices, if known: \_\_\_\_\_

\_\_\_\_\_ Request is properly classified in FOIAXPress (simple vs. complex).

\_\_\_\_\_ Fee estimate needs to be prepared for the request.

\_\_\_\_\_ Request needs to be clarified/narrowed, as follows:

\_\_\_\_\_ Description of desired records.

\_\_\_\_\_ Scope of request (date range, overly board, other quantifying factors).  
\_\_\_\_\_ FSC, AO(s) and Subject Matter Expert(s) will need to collaborate to develop a letter (or e-mail) asking for specific questions to or clarification from the requester when request is not clear.

NOTE: A copy of the requester's response to the clarification request must be sent to [EDFOIAManager@ed.gov](mailto:EDFOIAManager@ed.gov) immediately upon receipt.

**4. Seeking Technical Assistance from the FOIA Service Center:**

Should you need help determining whether the document(s) is/are responsive to the request, please do not hesitate to seek assistance from the FOIA Service Center or the FOIA Public Liaison assigned to this request.

**(Data reported as of January 31, 2022)**

The institutional debts listed in this report have been referred to the U.S. Department of the Treasury (Treasury) for further collection action. Treasury confirmed that none of these delinquent debts are at the U.S. Department of Justice (DOJ) at this time for collection, litigation, settlement, or compromise. Treasury provided some of the statuses shown in the report as it relates to *potential* DOJ referrals or those that were sent to DOJ but returned to Treasury. All other statuses for debts managed by Treasury are in various stages in their collection process such as Treasury Offset Program (TOP), Private Collection Agency (PCA), repayment agreements, etc.

**Re: Freedom of Information Act Request**

Dear FOIA Public Liaison:

Pursuant to the Freedom of Information Act (“FOIA”), 5 U.S.C. § 552 and the implementing regulations of the U.S. Department of Education (“ED” or “Department”), 34 C.F.R. Part 5, the National Student Legal Defense Network (“Student Defense”) makes the following request for records.

**Background**

Pursuant to the Debt Collection Improvement Act of 1996, federal agencies shall transfer non-tax debts delinquent for more than 180 days to the Department of the Treasury (“Treasury”) for collection. 31 U.S.C § 3711(g)(1). Treasury, through its Cross-Servicing Program, then takes appropriate action to collect. This can include referring the debt to the Department of Justice (“Justice”) for collection through litigation. 31 C.F.R § 285.12(c)(2).

Public reports indicate that the Department originates the vast majority of federal non-tax delinquent debt. In FY 2020, ED accounted for over \$170 billion in delinquent non-tax debt, or 84% of all such debt owed to the federal government. Of this, about \$8.3 billion was collected in FY 2020.<sup>1</sup> While much of the delinquent debt ED refers arises from student loans, it also refers other debts arising from different authorities and sources. Among these sources of debt are institutions of higher education that incur liabilities from their participation in Title IV programs, 20 U.S.C. § 1070 *et seq.*

### **Requested Records**

Student Defense hereby requests that the Department produce the following records within twenty business days:

1. Documents sufficient to show *all* debts referred to Treasury by the Department for collection, from January 1, 2017 through present, as well as the current status of each debt or collection effort. This request is limited to include *only* documents regarding referral of debts owed to ED and/or the U.S. Government by institutions of higher education, their affiliates, owners, shareholders, or executives, for actions stemming from an institution's participation in the Title IV student aid programs. This request *excludes* records reflecting individual student borrower debts.
2. Documents sufficient to show *all* debts referred to the Department of Justice ("Justice") by Treasury for collection, litigation, or settlement, from January 1, 2017 through present, as well as the current status of each debt or collection effort. This request is limited to include only those debts that have been referred to Justice that stem from an institution of higher education's participation in one or more programs authorized by Title IV of the Higher Education Act. This request *includes* records related to debts owed by institutions of higher education (including their affiliates, owners, shareholders, or executives) for actions stemming from an institution's Title IV participation, but *excludes* records related to individual student loans.

In lieu of documents, Student Defense would accept a chart or description providing the requested information.

### **Request for Waiver of Fees**

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency's regulations, Student Defense requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

Student Defense requests a waiver of fees because disclosure of the requested information is "in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government."<sup>2</sup> The public has a

significant interest in the extent to which the U.S. Government is collecting on debts owed by institutions of higher education and their owners and executives. The documents sought by this request will shed light on how the Department of Education prioritizes which debts to collect and would contribute significantly to public understanding of how Treasury, Education, and Justice hold institutions of higher education accountable for their liabilities. The issue of “recoupment” of debts owed to the government by institutions has been raised in recent months by members of Congress in numerous settings. Student Defense has the capacity to analyze records and to use the sought records to inform public discourse regarding ED’s enforcement practices. Student Defense also has the capacity to broadcast its analysis through the news, its website, and via social media—thus “significantly” contributing to the public understanding of issues present at the Department, including those raised by ED’s processes for handling FOIA requests.

This request is primarily and fundamentally for non-commercial purposes.<sup>3</sup> Student Defense is a non-profit, non-partisan 501(c)(3) organization.<sup>4</sup> Student Defense’s mission is to work, through a variety of means, to advance students’ rights to educational opportunity and to ensure that higher education provides a launching point for economic mobility. We also believe that transparency is critical to fully understanding the government’s role in student protections and promoting opportunity. As noted above, Student Defense has the capacity to make the information it receives available to the public through reports, social media, press releases, in litigation filings, and regulatory comments to government agencies. For these reasons, Student Defense qualifies for a fee waiver.

### **Guidance Regarding the Search & Processing of Requested Records**

In connection with its request for records, Student Defense provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Student Defense does not object to the redaction from such records of any confidential information regarding individuals.
- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics.
- In conducting your search, please understand the terms “record” in its broadest sense, to include any written, typed, recorded, graphic, printed,

or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions.

- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.<sup>5</sup> It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; Student Defense has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.<sup>6</sup>
- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,<sup>7</sup> and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a

custodian may have deleted a responsive email from his or her email program, but your agency's archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.

- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

### **Conclusion**

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to Student Defense, please do not hesitate to contact Student Defense to discuss this request. We welcome any opportunities to discuss this request with you before you undertake your search or incur search or duplication costs. By working together at the outset, Student Defense and the Department can decrease the likelihood of costly and time-consuming litigation.

Where possible, please provide responsive material in an electronic format by email. Please send any responsive material being sent by email to [info@defendstudents.org](mailto:info@defendstudents.org). If it will accelerate release of responsive records to Student Defense, please also provide responsive material on a rolling basis.
