750 First Street, NE, Suite 980
Washington, DC 20002

Dear Mr. Bieda:

I have affixed my signature to this letter to attest to the quality and the integrity of the education programs offered by ITT Technical Institute.

I have an established relationship with ITT Technical Institute, and am able to provide an objective assessment of the overall quality and integrity of the institution's governance, management, academic support systems and operations. In my experience, employing graduates of their academic degree programs and/or serving on a program advisory committee, ITT Technical Institute has consistently evidenced an unwavering commitment to its Mission, its students, and its graduates.

As an employer who appreciates and values the knowledge and technical skills taught at ITT Technical Institute, we rely on their graduates to fill our workforce needs. Also, like many other employers, we are concerned about the shortage of prospective employees who possess the critical thinking and skills needed to grow our business and support the global competitiveness of our nation's economy.

We rely on the fact that ITT Technical Institute's career-related educational programs are designed to integrate life-long learning with knowledge and skills to help its students and graduates pursue their personal interests and objectives, develop intellectual, analytical and critical thinking abilities, and provide service to their communities. We also appreciate the fact that ITT Technical Institute invests significant time and energy to ensure that our hiring needs are met by providing qualified and knowledgeable candidates for our consideration.

Thank you for the opportunity to comment on our positive experiences with ITT Technical Institute. As we have in the past, we look forward to working with ITT Technical Institute in the future to help fill our staffing needs.

Importance: High

Hi Ms. Lomax,

Greetings to you! I hope all is well for you and your week is off to a good start. I want to reach out to you in reference to your support of ITT Technical Institute. Our National office is seeking signatures of support to help maintain our accreditation process as part of the Department of Education. I have attached a letter for your review which is in support of ITT Technical Institute. It explains the impact of our graduates in the workforce that were hired by employers/staffing agencies. We are asking if you can be a signature of support for us due to your company hiring Darvez Hall, Jr through The Resource Staffing Agency. Your signature would go on the 2nd page of the letter on the 1st line. *If you agree, please sign and scan/email or fax to my attention at (336) 819-5950 at your earliest convenience. We will be submitting the letters to our national office on Thursday of this week.* If you have any questions, I can be reached at (336) 819-5925.

Again, thank you for your support and I look forward to hearing back from you. Have a great evening!

Also, like many other employers, we are concerned about the shortage of prospective employees who possess the critical thinking and skills needed to grow our business and support the global competitiveness of our nation's economy.

We rely on the fact that ITT Technical Institute's career-related educational programs are designed to integrate life-long learning with knowledge and skills to help its students and graduates pursue their personal interests and objectives, develop intellectual, analytical and critical thinking abilities, and provide service to their communities. We also appreciate the fact that ITT Technical Institute invests significant time and energy to ensure that our hiring needs are met by providing qualified and knowledgeable candidates for our consideration.

Thank you for the opportunity to comment on our positive experiences with ITT Technical Institute. As we have in the past, we look forward to working with ITT Technical Institute in the future to help fill our staffing needs.

Sincerely,

Employers of ITT Technical Institute of Springfield Campus

Dear Mr. Bieda:

I have affixed my signature to this letter to attest to the quality and the integrity of the education programs offered by ITT Technical Institute.

I have an established relationship with ITT Technical Institute, and am able to provide an objective assessment of the overall quality and integrity of the institution's governance, management, academic support systems and operations. In my experience, employing graduates of their academic degree programs and/or serving on a program advisory committee, ITT Technical Institute has consistently evidenced an unwavering commitment to its Mission, its students, and its graduates.

As an employer who appreciates and values the knowledge and technical skills taught at ITT Technical Institute, we rely on their graduates to fill our workforce needs. Also, like many other employers, we are concerned about the shortage of prospective employees who possess the critical thinking and skills needed to grow our business and support the global competitiveness of our nation's economy.

We rely on the fact that ITT Technical Institute's career-related educational programs are designed to integrate life-long learning with knowledge and skills to help its students and graduates pursue their personal interests and objectives, develop intellectual, analytical and critical thinking abilities, and provide service to their communities. Dear Mr. Bieda:

I have affixed my signature to this letter to attest to the quality and the integrity of the education programs offered by ITT Technical Institute.

I have an established relationship with ITT Technical Institute, and am able to provide an objective assessment of the overall quality and integrity of the institution's governance, management, academic support systems and operations. In my experience, employing graduates of their academic degree programs and/or serving on a program advisory committee, ITT Technical Institute has consistently evidenced an unwavering commitment to its Mission, its students, and its graduates.

As an employer who appreciates and values the knowledge and technical skills taught at ITT Technical Institute, we rely on their graduates to fill our workforce needs. Also, like many other employers, we are concerned about the shortage of prospective employees who possess the critical thinking and skills needed to grow our business and support the global competitiveness of our nation's economy.

We rely on the fact that ITT Technical Institute's career-related educational programs are designed to integrate life-long learning with knowledge and skills to help its students and graduates pursue their personal interests and objectives, develop intellectual, analytical and critical thinking abilities, and provide service to their communities. We also appreciate the fact that ITT Technical Institute invests significant time and energy to ensure that our hiring needs are met by providing qualified and knowledgeable candidates for our consideration.

Thank you for the opportunity to comment on our positive experiences with ITT Technical Institute. As we have in the past, we look forward to working with ITT Technical Institute in the future to help fill our staffing needs.

Sincerely,

Employers from ITT Technical Institute, DeSoto Campus

Dear Mr. Bieda:

I am pleased to attest to the quality and integrity of the education programs offered by ITT Technical Institute. Our organization was fortunate to recruit a very talented ITT Technical Institute graduate into our Finance Department last year. I have been personally very pleased with the quality of education, demonstrated skills and business knowledge this person has brought to our organization. I am certain the academic programs at ITT Technical Institute are well designed and expertly executed to prepare students for successful careers after graduation.

Thank you for the opportunity to comment on our positive experiences with ITT Technical Institute. We would certainly consider working with ITT Technical Institute in the future to help fill our staffing needs.

Dear Mr. Bieda:

I have affixed my signature to this letter to attest to the quality and the integrity of the education programs offered by ITT Technical Institute.

I have an established relationship with ITT Technical Institute, and am able to provide an objective assessment of the overall quality and integrity of the institution's governance, management, academic support systems and operations. In my experience, employing graduates of their academic degree programs and/or serving on a program advisory committee, ITT Technical Institute has consistently evidenced an unwavering commitment to its Mission, its students, and its graduates.

As an employer who appreciates and values the knowledge and technical skills taught at ITT Technical Institute, we rely on their graduates to fill our workforce needs. Also, like many other employers, we are concerned about the shortage of prospective employees who possess the critical thinking and skills needed to grow our business and support the global competitiveness of our nation's economy.

We rely on the fact that ITT Technical Institute's career-related educational programs are designed to integrate life-long learning with knowledge and skills to help its students and graduates pursue their personal interests and objectives, develop intellectual, analytical and critical thinking abilities, and provide service to their communities. We also appreciate the fact that ITT Technical Institute invests significant time and energy to ensure that our hiring needs are met by providing qualified and knowledgeable candidates for our consideration.
